RCW 70.58.055

Certificates generally.

(1) To promote and maintain nation-wide uniformity in the system of vital statistics, the certificates required by this chapter or by the rules adopted under this chapter shall include, as a minimum, the items recommended by the federal agency responsible for national vital statistics including social security numbers.

(2) The state board of health by rule may require additional pertinent information relative to the birth and manner of delivery as it may deem necessary for statistical study. This information shall be placed in a confidential section of the birth certificate form and shall not be subject to the view of the public or for certification purposes except upon order of the court. The state board of health may eliminate from the forms items that it determines are not necessary for statistical study.

(3) Each certificate or other document required by this chapter shall be on a form or in a format prescribed by the state registrar.

(4) All vital records shall contain the data required for registration. No certificate may be held to be complete and correct that does not supply all items of information called for or that does not satisfactorily account for the omission of required items.

(5) Information required in certificates or documents authorized by this chapter may be filed and registered by photographic, electronic, or other means as prescribed by the state registrar.

[1997 c 58 § 948; 1991 c 96 § 1.]
